		07-Oct	2nd Alternate date for Clausen Inv.	W/L	3-4 races	
Key		28-Oct	RYC Great Pumpkin	W/L	3 races on Sat (reverse pursuit on Sun)	
Season Championship Events						
Additional or Alternate Events						
Scheduling considerations based on past '21 & '22 seasons						
1. Of 30+ boats in Bay, only 7-9 race on a regular basis; another 3 occasionally; only 8 boats raced in more than 3 season events in '22						
2. Of the ~12 boats that raced regularly in '21 and '22, 10 are located at RYC and 2 in Marin						
3. Best attended event in '22 was RYC Intraclub #2 with 14 boats starting						
4. Largest gap between entered boats and boats actually starting were YRA events away from RYC						
5. Mix of W/L and random leg races liked by fleet						
6. Plenty of other racing available for non-championship events and learning-racers; no reason to dilute championship series w/ reverse pursuits or cruise-outs						
7. RYC Beer Cans run April-September and can help coach-up fleet for those interested						
8. Objectively, only 6-7 boats really care about the season championship; other boats interested in rendezvous events should have a separate schedule						
9. SSS and YRA shorthanded events would prevent some our boats from racing with 3 crew						
10. Current proposed season championship series (v5) has 5 W/L's and 3 random leg events - a reasonable mix
